Histoires en action ! 2C
Un jour bizarre

This highly anticipated, hot-off-the-presses kit is an alternate to *Les trois petits cochons*, the first

50-hour kit in *Histoires en action ! #1*.

This kit is for students with no prior knowledge of French, but pushes students a little bit further and faster than *Les trois petits cochons*.

Students are introduced to approximately 500 words. Present and passé composé forms of common verbs (regular and irregular), adjectival agreement, the formation of questions and the use of ne...pas are introduced.

This is an alternate kit to the *Comment y aller ?* kit in *Histoires en action ! #1*. Written by

AIM teacher and workshop facilitator Sylvia Duckworth,

this kit is based on an original fun, fantastical play about a young girl who finds herself in an enchanted forest. As she tries to make her way back home, the girl meets a variety of fairy tale characters. In this kit, students are doing more partner/group work. By the end of this kit, most students should be able to complete their own 10-page 'story extensions' entirely in French.

And don't forget the AIM readers!
